## Impact Resistant Bed Set Unit

### Impact Resistant Bed Set Unit

The bed set unit is mounted in the patient bedset console. There are nurse call and call termination buttons on it. It has an illuminated, aesthetic and durable structure.

- The built-in buckle has an ergonomic structure for fitting.
- RJ45 socket allows easy installation.
- Stainless steel raw material is used.
- It has IK 10 Impact Resistance Certificate.
- Emergency call and reset buttons are illuminated by LEDs continuously for easy viewing.
